Produktinformationen "Advanced Physics with Vernier - Beyond Mechanics"

Use Vernier probeware to teach concepts at the college physics, Advanced Placement (AP) Physics, or International Baccalaureate (IB) Physics level. Use it in addition to Advanced Physics with Vernier - Mechanics (PHYS-AM) and Physics with Vernier (PWC-LP) for a comprehensive set of topics. Advanced Physics with Vernier – Beyond Mechanics is the second of a two-volume set of experiments for the more in-depth introductory physics course, such as college physics, AP Physics, or IB Physics. Experiments are designed for an interactive teaching style, with planned moments for instructor or student-led discussion. Instructor notes include discussion on how to lead students to a successful activity. The book includes many extensions to challenge the most talented students.
