Produktinformationen "Standard-to-Mini USB Adaptor"

This adapter allows a Go!Temp or Go!Link* to connect to the USB port of a TI-Nspire handheld or TI-84 graphing calculator. The adapter has a USB standard-A receptacle which connects to the Go!Temp or Go!Link and a USB Mini-A USB plug that connects to the calculator. The adapter can also be used with the USB cable that comes with a Go!Motion.

- Connector 1: USB Standard Type A Receptacle
- Connector 2: USB Mini Type A Plug

Most consumer electronic devices use a Mini-USB Type B plug, and will NOT WORK with this adapter. The adapter is only tested for use with TI-Nspire handhelds and TI graphing calculators.
